

Incubation startup ideas in e-health and medtech

- Application -

contact:

name:

phone:

e-mail:

Short description of your intended product /service/ (medical, industrial etc.) application

Who is going to use your product or service?

Is your idea based on results from a research project?

Who is the team behind the idea (include names; education/degree; task in team) ?

What is the status of the project (idea, prototype, patents, lab testing...)

Please send to stephanie.randel@tu-dresden.de
